

SUPPORTED BY US

Meet Nancy Kime, Senior Document Specialist for Regence BlueShield of Idaho. She and her husband, Chris, have been married 27 years and have a son, Kayne, who attends Lewis Clark State College. She has been with Regence for 24 years.

“I’ve worn many hats through the years, working a variety of positions. I started out in the mailroom operating large mail processing equipment, handling an average of 25,000 pieces of mail weekly. Subsequently, I moved through shipping and receiving, our switchboard and most recently, I have joined forces with our Imaging crew here in Lewiston.”

She enjoys working for a company that puts its members above all else, and encourages and supports its employees to volunteer in their communities. Nancy proudly volunteers with the Asotin-Anatone Boosters, the YWCA, United Way and the Idaho Foodbank.

“Our communities are connected by families that support each other. I for one am proud of where I live and work!”

CARE BY US

“Looking out for the health and well-being of our neighbors has been job number one for Regence BlueShield of Idaho since 1946. That’s never been of greater importance than it is today as we work together to battle COVID-19. Ensuring you get the right care at the right time is what we do. It’s a health care pledge that’s made by us.”

-- Dr. Amy Khan, Executive Medical Director
Regence BlueShield of Idaho
